FEDERAL MEDIATORS CONFERRING WITH STEEL OFFICIALS

POWERFUL F. B. I. FORCES TACKLE BAFFLING CASE OF KIDNAPED WEINBERGER BABE

Westbury, N. Y. (AP)—Powerful FBI forces tackle the baffling case of kidnaped Peter Weinberger today.

Under federal law the FBI had to hold off officially for seven days after the kidnaping. Government agents could have moved into the case earlier if they had evidence the victim was spirited across state borders. After seven days the law presumes such a crossing.

One week ago a bold kidnaper snatched the tiny boy from his carriage in the patio of Mr. and Mrs. Morris Weinberger's home here.

Weinberger, 48, is a well-to-do wholesale drug salesman.

The kidnaper grabbed the 5-week-old child in the middle of the afternoon and in full view of five other houses in this fashionable Long Island community.

He left a neatly penciled note demanding \$2,000 ransom. Later a man believed to be the kidnaper telephoned the family and raised the demand to \$5,000.

Police have found no trace of kidnaper or child. There is no way of knowing whether the infant is still alive. He needed a special formula of milk and a vitamin compound to survive.

Meanwhile, cranks and crackpots have called the heartbroken mother and tormented her with reports that they have the child or know where he is. All such reports have proved false so far.

But the 32-year-old mother, hoping against hope, has repeatedly taken \$5,000 in cash and tried to rendezvous with kidnapers who only existed in the cruel minds of hoaxers.

A Westbury pastor said after a visit with her that she made two more futile trips yesterday.

Seventeen crank calls were received at the Weinberger home yesterday. All were anonymous. They came from as far away as Chicago and Pontiac, Mich.

A radio network got a call from a woman who said she had the baby and was leaving it in a convent at Point Lookout on the south shore of Long Island.

Police rushed to the scene but found no trace of the baby.

LAWYER IS KILLED

Buffalo, N. Y. (AP)—Joseph Schwab, 37, law partner of Erie County Sheriff Robert Glasser, was killed today in an automobile accident on nearby Grand Island. Sheriff's deputies said Schwab, who lives in suburban Eggertsville, missed a curve and overturned.

Condition of Tot Struck By Car Is Critical

A day which should have been filled with fun and frolic turned into one of tragedy early this morning when two small children running across the road in Wrightsville were struck by a car, injuring one critically.

Six-year-old Roger Oviatt, son of Mr. and Mrs. Robert Oviatt, Spartansburg, received a critical fracture of his skull and his recovery was in doubt at Warren General Hospital this afternoon.

His five-year-old sister, Nancy, Oviatt, was less severely injured, and was listed in fair condition at the hospital.

According to State Trooper Mosorjak, of the Warren barracks, the two children, along with two others, had been riding about 7 o'clock this morning with their grandfather, Richard Arp, Route 2, Pittsfield. He stopped along Route 958 near Wrightsville to let them out.

The children clambered out of the car on the berm side of the road and ran around behind the vehicle and into the path of an oncoming vehicle.

Alton Hockenberry, 44, Route 1, Pittsfield, told police he had no chance to avoid the children as they darted into his path.

Young's ambulance brought them to the hospital.

QUAKE-RIDDEN AREAS VISITED BY KING PAUL

Athens, Greece (AP)—King Paul and Queen Frederika toured Thira in a jeep today to comfort survivors of the Aegean earthquake which centered on that island. The official death toll rose to 54.

Slight earth tremors persisted as the King and Queen made their way through Emporio, Pyrgos, Vothon, Messaria and Phrya, talking with the villagers. The two were accompanied by their 17-year-old daughter, Princess Sophia.

The Athens Observatory reported more than 340 tremors had been recorded since the big quake struck about a dozen islands and set off tidal waves at dawn Monday, but that they were subsiding in intensity and frequency.

Damage reports mounted. A monastery on Patmos Island was almost completely destroyed. Advances from that island, 85 miles from Thira, said 59 houses also were ruined and 75 fishing boats were sunk or wrecked.

Though Premier Constantine Karamanlis has said Greece is in a position to handle the relief efforts alone, a U. S. 6th Fleet destroyer is at Thira and a U. S. Navy spokesman said a second destroyer was on the way to stand by in case help is requested.

Karamanlis said Greece had declined offers of assistance from the governments of the United States and Britain. He said he told U. S. Ambassador Cavendish Cannon there was no need for U. S. help "because at this time we are in a position to deal with the situation." He added that Greece might ask for American help later if the necessity arises.

Observers said the rejection of British aid offers undoubtedly was linked to the Greek-British dispute over the future of the British island colony of Cyprus. Greece is strongly supporting Greek Cypriot demands for union of the island with Greece.

Present at the session were Edward McKendrick, Lions Club; Frank Perrin, Rotary Club; J. H. Alexander, Red Cross; Mrs. M. Hubbard Lewis, Woman's Club; Sanford Secor, Civilian Defense; Estelle Roswell, Zonta Club; William Farnick, Jaycees; Freeman Peterson, William Lutz, Russell H. Templeton and Leo Gibson, representing funeral directors, all members of a committee which is subject to call again after Council has given the problem its consideration.

Up to the present time, ambulance service has been furnished by the funeral directors of the vicinity, but since announcement earlier this year that they wished to discontinue, the knotty question of conveying patients to and from the hospital, has become a matter of great interest to all concerned.

Following Mr. Wilder's remarks, the Chamber directors joined in a discussion on the high school situation during which many facts were revealed concerning the financial problems involved in providing a new school. It was also pointed out that school board can make no decisions concerning a new building until after a survey team from Harrisburg comes to Warren and gives an opinion on the present structure.

Stuart J. Myers was elected first vice president of the Chamber of Commerce and William R. Walker was chosen second vice president to fill the unexpired terms of Robert Shiels and Joe E. Brown who have moved from the community.

Chester L. Hindenach, district manager of Bell Telephone Company and Vern Zellefrow, manager of Metzger-Wright were elected to vacancies on the board of directors.

Morell's Shoe Shop, 303 Pennsylvania avenue west, Sam Falvo, proprietor, and Emil Ekey, florist, 110 East St. Clair street, were accepted as new members of the Chamber on recommendation of the Membership Committee.

Among the guests present were Ernest Miller, A. L. Rasmussen, William Yeager, Sr., C. R. Betts, and Lynn A. Branch.

Gusciorda, whose criminal record dates back 22 years, died Monday at the Norfolk prison colony hospital, just four weeks before he and nine others were scheduled to go on trial as participants in the \$1,218,000 Brink's robbery of 1950.

YOUNGVILLE

Youngville-The Business and Professional Women held their annual steak fry Monday evening at Wilder Field. Rain "poured" for an unappreciative but undaunted gathering, who ate their steaks in their cars and their watermelon, coffee, etc., around the fire, scurrying to their cars between bites. The co-chairmen, Dorothy Retterer and Evelyn Overturf, disclaim any responsibility for the weather. There was no business or program, but it was decided to attend a play at Chautauqua August 9, in lieu of the August meeting.

Pauline Halfast entertained the Bit o' Bridge Club Monday evening. Prizes were won by Jane Barton, Edna Johnson, and Janice Abraham, a dessert-luncheon was served by the hostess.

Mrs. R. L. Mead, past grand committee member of Grand Chapter, Order of Eastern Star for the State of Pennsylvania, assisted by Mildred Clark, entertained junior past matrons, presiding worthy matrons, and her appointed representatives for the Felicitas Home Project, all chosen from each chapter of District 1B, at a tureen picnic at the Forge clubhouse Friday at 1:00 o'clock. Guests were served from a table beautifully decorated with a huge bouquet of garden flowers, the color scheme being black and pink. Each small table carried a similar bouquet. Mrs. Pauline Halfast poured the coffee. Each lady received an individual favor of a hand-crocheted sachet hat. In the social time which followed, those who wished to played canasta. Special prizes were won by Jean Harrison, Cambridge Springs; Katherine Lenby, Corry; Ethel Nickols and Mrs. Paul Davidson, Conneautville; Evelyn Jones, Meadville; Pauline Johnstone, Titusville; and Pauline Halfast, Youngville.

Pool Is Proving Popular With Many

Sixty girls enrolled for two beginners' classes in the YMCA pool yesterday, in addition to two "swimmer" classes, indicates the popularity of the instruction being given by Bob Hammerbeck.

These classes hold forth each Tuesday and Thursday afternoon, and the boys enjoy the pool on Monday, Wednesday and Friday afternoons. The Tuesday evening class for women has also been popular, and will continue throughout the summer.

Water in the pool is purified by continual filtration, and is kept chlorinated above the standard for safe swimming at all times. Repainting of the pool room walls in an attractive blue provides a delightful indoor lake setting.

The next Family Night, when the entire family may enjoy swimming together, has been set for Saturday, July 28, the swim period starting at seven, games and refreshments following.

Scouts From McKeesport On Hike Through National Forest

By Forest Ranger Larry Stolz

This afternoon six Boy Scouts from McKeesport, with two adult leaders, left the Northern Ranger Station on the first leg of a five-day fifty mile hike through the Allegheny National Forest.

For this carefully planned hike, each boy had a full pack containing camping equipment, and food enough for five days. Even more important, though, than good equipment was the enthusiasm and spirit of adventure that each boy displayed. The fact that it was a very hot afternoon to start on such an adventure did not dampen their enthusiasm in the least.

It is easy for middle aged adults to forget that hiking can be a real adventure for teen aged, and become cynical about the gentle art of tramping. For too many of us hiking is a lost art. We tear up and down the highways in our cars seeing a great deal of scenery flash by, but never becoming intimate with any of it, while the hiker, traveling cross country at a two or three mile an hour pace, learns more about the world of Nature in a five day hike than we will learn in a summer of travel by car.

But the automobile is the modern work horse of the hiker. Annihilating both time and distance it brings the cool hiking trails of the Allegheny National Forest within easy reach of thousands of city dwellers who would otherwise never be able to set foot on them. Once on the trail, though, the hiker adopts the psychology of the pedestrian, and does not want to see or hear an automobile until his hike is over.

The gentle art of tramping can be practiced on the nearly half million acres of the Allegheny National Forest by any one willing to shoulder a pack. If the pack is not too heavy it is a wonderful aid to good posture, and the experienced hiker feels lost without one on his back.

A novice usually carries too much equipment with him on extended camping-hiking trips. Simplicity is the key-note to outdoor living. I have lived in the woods of Quebec for continuous stretches of five months with only one pack-sack containing all of my extra clothes and personal equipment. Needless to say I was pretty threadbare at the end of that period, and had few of the comforts of home, but I was never in better health.

A good compass and map are two of the essentials on an extended hike, and it is always best to plan the hike and camping spots carefully in advance. A U. S. Geological Survey topographic map is highly recommended. With such a map and a good compass there is little excuse for getting lost. Small pocket size handbooks on trees, wild flowers, wild animals or rocks will help to make any hiking trip more interesting. There is much to learn in the wonderful world of Nature. For over half a century J. Henri Fabre explored the mysteries of the commonplace when he studied the insect world all about him, a world unknown to his neighbor who trod it contemptuously underfoot. Now they are forgotten, but Fabre's ten volumes on the life of the insects live on, as classics of Nature writing.

We are all a part of the web of life, and the tiniest insect and the lowliest bacteria each has a place in Nature's scheme of things just as man does. For all living things depend upon each other and the world around them for their existence. Once this simple truth is known and appreciated by every citizen in our land the conservation of our natural resources will be assured.

Six Boy Scouts from McKeesport, and their leaders, after five days on the trail will, I feel sure, return home with a deeper appreciation of Nature and the interrelationship of all living things one to another and to the world around them.

REUNITED AFTER 33 YEARS
Titusville Herald: Thirty-three years ago—away back in 1923—the youngest of three brothers left Sweden to make his home in the United States. That was Torgny Westergren, now a well-known Titusville carpenter. He said goodbye to the middle brother, Thure Westergren, and when he reached this country he joined the oldest of the three, Tycko, also a resident of Titusville and an electrician. On Monday, Thure arrived here and saw Torgny for the first time in more than three decades. "I knew him the minute he walked in the door," said Torgny, "but he says he might not have known me outside." Tokyo will join the two and make it a happy trio. Tycko is beginning a three-weeks' vacation from his employment in Warren. It has not been 23 years of separation for the older and middle brother, however, Tycko saw Thure on a trip back to Sweden in 1928. Thure Westergren, a widower for 11 years, lives in Sundsvall, in the northern part of Sweden. He is the head electrician for a large paper and lumber company, for which he has worked more than 50 years.

Divers Succeed In Recovering Plane In Chautauqua Lake

Post-Journal: Sunday, after about 80 man hours of underwater work by a team of seven divers, the 17,000-pound AD 6 Skyraider which crashed into Chautauqua Lake was pulled from the bottom where it had rested off Point Chautauqua since noon Tuesday.

The sight of the orange-colored tailfin of the \$500,000 Skyraider attack bomber as it broke the surface briefly about 4.30 p. m. brought shouts of joy from the tired underwater workers.

The long hours in the 50 to 60-foot depth took its toll as the divers stayed down for long periods to complete the work. At least one man, Chief Machinist Carl Helton, suffered a rupture in an ear, and most of the men bled about the head from prolonged dives. Because of the excessive time underwater, the divers were forced to rise in stages for decompression purposes.

The craft was finally raised when a hand-made net of rope was draped over a 7 by 7 by 7-foot canvas air bag. Earlier bags had torn loose where ropes were attached.

With the plane about 24 feet under the surface it was towed toward a bay just north of Dewittville. After about an hour's slow hauling it began to drag on the bottom and operations were suspended for the day, at a point about 1,000 yards offshore.

Woodchucks normally mate in the month of March.

MR. AND MRS. DELBERT COLTER

At 10:30 a. m. June 16 in St. Mary's Catholic church at Meadville, Lillian Ricci, daughter of Mr. and Mrs. Gennaro Ricci of that City, became the bride of Delbert Colter, formerly of Warren and son of Mrs. Louise Colter of Meadville.

Father James J. McNany officiated for the double ring ceremony and wedding music was provided by Angie Zuzola, organist, and Emelena Davena, vocalist.

Given in marriage by her father, the bride wore rosepoint lace and tulle over satin. The bouffant skirt and chapel train designed entirely of tiny tulle ruffles. A winged bandeau of satin leaves and opalescent sequins secured her tiered illusion veil and her flowers were a prayer book arrangement of lily of the valley streamers and a white orchid.

As maid of honor, Rosemarie Zuchero wore nylon sheer esprit in blue, white Venice lace outlining the crushed sheer panels of the waltz length skirt. Bridesmaids, Carol Lawton and Rose Maggio, wore yellow gowns of the same style. All had half-hats of yellow chiffon attached to a standing braid, and carried basket arrangements of daisies, yellow for the maid of honor, blue for the others. Robert Colter, Warren, was best

man for his brother; groomsmen were James Ritter and the bride's nephew, Harold E. Reymore, Jr., USAF, ushers were brothers of the principals, Victor and Dan Ricci, William and John Colter.

Wearing corsages of white roses, Mrs. Ricci chose street length rose lace; Mrs. Colter charcoal lace over pink, also street length.

Dinner for 39 guests followed at Kerr's Town and Country Restaurant, and the reception was held at 7:00 p. m. in the American Legion Hall. Attendants' bouquets surrounded the wedding cake for the bride's table and aides were Mrs. Jean Tovey and Mrs. Martin Nelson, sisters of the couple.

Out of town guests were from Warren, Pittsburgh, Greenville, Franklin, Erie, Titusville, Pottsville, Edinboro, Aspinwall, Irvine, Townville, New Castle, Rochester and Bemus Point, N. Y., Cleveland, Ohio.

Returning from a Canadian wedding trip, the newlyweds are at home at 638 Park avenue, Meadville. Graduate of Meadville High, the bride is employed as secretary for the Girl Scout organization. Mr. Colter, graduate of Warren High and the National Meat Cutters' School in Toledo, O., is employed by Loblaw, Inc., after serving four years in the Air Force.

Turi and DeRosia Nuptials in June Of Interest Locally

Margaret Carolyn DeRosia, daughter of Mr. and Mrs. Edward J. DeRosia of Roscoe, N. Y., formerly of Bradford and well known in this area, became the bride of Victor Alfred Turi, son of Mr. and Mrs. Ralph Turi of Middletown, N. Y., June 17.

The nuptials were performed at 3:00 p. m. in St. Joseph's church in Middletown, the Rev. John Pierce officiating in a setting of white glads and peonies. Mrs. Salvatore Cosco sang several numbers.

Escorted by her father, the bride wore a floor length strapless gown with chantilly lace jacket and bouffant skirt of tulle and lace over satin. A half-cap held her fingertip veil of illusion and she carried a white orchid and baby's breath on a white prayer book.

Janet DeRosia of Roscoe was her sister's maid of honor; bridesmaids were a cousin, Mrs. Barbara Heeter of Clarendon; Rosemarie Turi, the bridegroom's twin sister; Mary Cortes and Carol N. Green, of Roscoe. Miss DeRosia wore a white net ballerina gown, with blue sash and blue pearls trimming the bodice, and headpiece of blue nylon leaves accented with rhinestones. Blue carnations centered her pink carnation corsage. The others were similarly crowned in pink, with matching

headpieces, and carried bouquets of blue carnations with center of pink. Catherine Turi, cousin of the bridegroom from Goshen, was flower girl, her dress and flowers matching those of the maid of honor. Richard DeRosia, the bride's brother, was ring bearer.

Ralph L. Turi, Jr., was his brother's best man; ushers were Francis Lusk, Pittsburgh; Edward J. DeRosia, III, the bride's brother, Gerald Sardella and Victor Benedette.

Wearing orchid corsages, the bride's mother chose pink nylon and white accessories; the bridegroom's mother was in blue lace and pink accessories.

Jo-Anne Gibson was introduced and welcomed into the club as a new member. Guests included Pearl Lund, Warren, and Veta Ittel, Oskaloosa, Iowa.

Outstanding feature of the evening was an account of a boat trip to Havana, Cuba, and Nassau, given by Sarah Waxman, club member who has just returned from Miami, Fla. She showed pictures taken on the trip and mingled humor with information as she enumerated the attractions and beauties of the tropics. Mrs. Waxman told also of the industries and the islands and the particularly noticeable improvement in living conditions.

Games and group singing concluded the program.

Arrangements for the picnic were made by Alice Fox, with Mayme Marsh handling reservations. Committee for the evening was the executive board, Arvilla Ittel, Marion Davis, Peg McGonnell, Evelyn Griffin and Alice Fox.

President Arvilla Ittel reminded members that guests are welcome to the musical tea to be held at the Woman's Club at 8:00 p. m. Tuesday, August 14.

She received many congratulatory messages, cards and gifts during the day. A Swedish Bible was a special gift from her husband and children, and a hand-made pewter brooch and ear-rings came from her brother in Lund, Sweden.

Children present were Mrs. Hage Nelson, Chicago; Harry, Raymond and Nancy (Mrs. Harold Nelson), Warren; and Okey of Ludlow. Also three grandchildren, Judy and Janet Nelson, Chicago, and Charles Swanson, Warren; with a great-granddaughter, Cheryl Ann Nelson, also of Warren.

Neighbors and other friends from Ludlow called on Mrs. Swanson in her local home to help celebrate her anniversary.

New Milk-Cooling Plant in Operation At Rouse Hospital

A new milk-cooling tank which should bring into Warren County coffers some \$500 more each month has been installed at the Rouse Home in Youngsville, according to County Commissioners this morning.

The 300-gallon capacity tank will hold the daily yield from the 30-head herd at the county farm. It was purchased from Marsh Sales & Service in Waterford.

Formerly the county received only \$3.08 for each hundred pounds of milk. (A quart of milk weighs about two and one-half pounds.) Monthly net is expected to raise from about \$750 to \$1,200.

Now, with the ease of handling and cooling permitted by the new tank, the county can sell its milk to the Erie Dairy League for \$4.40 per hundred pounds. Previously the milk was carried in unwieldy milk cans. Carnation Milk was previous buyer.

House of Lords Delays Abolition of Hanging

London (AP) — The House of Lords has delayed abolition of hanging—Britain's only form of capital punishment—at least until next March.

The Lords last night overwhelmingly rejected the controversial abolition bill. Their action sent the measure back to the House of Commons. The bill can still become law if the lower house approves it again one year after its passage last March 13.

The Lords turned down the government-opposed bill 238-95 in one of the biggest votes mustered in the hereditary upper house in years.

supervision of the state chairman."

She said no date for the election has been set. State Senator Joseph M. Barr, Democratic state chairman, said arrangements for the new election will be made later. Miss Blatt did not disclose the reason why the committee decided to hold another election.

Mr. Conway, when contacted this morning, said the former Democratic county chairman listed five charges against the Democrats for Democratic Action wing of the party. First protest was that Conway had not been a registered Democrat two years as required for election, having switched to that registration from the non-partisan ticket in February of this year.

That charge, and the four others, were answered by Lewis Crippen who was cross-examined in a lively debate by Mayor David Lawrence of Pittsburgh, sitting on the executive board.

Democrats for Democratic Action have indicated that another candidate will be nominated by them for the re-vote on county chairmanship. One source said the re-vote would be announced within the next ten days.

Tighter Regulations For House Trailers on Pike

Harrisburg (AP) — Motorists towing house trailers on the Pennsylvania Turnpike today faced tighter regulations on their use over the 408-mile superhighway.

The regulations were put into effect yesterday by the Turnpike Commission which agreed that trailers are the "worst safety menace" on the toll road.

The commission voted on "stricter enforcement" of regulations governing the use of the trailers on the advice of the state police turnpike detail.

Under the new enforcement program, house trailers will be banned from the turnpike on week-ends, at nighttime and during periods of bad weather or poor road conditions.

The state police turnpike detail has always had the authority to remove a trailer from the road.

Marilyn's Spouse Faces Contempt Proceedings

Roxbury, Conn. (AP) — Playwright Arthur Miller and his actress bride, Marilyn Monroe, are packing up to fly to England, but it may take a little luck from them to get off on their scheduled departure date—Friday the 13th.

Congressional action against Miller and a summons to appear as a witness in a court case could interfere.

Miller said last night, however, that the congressional action wouldn't delay him. He wasn't available today for comment about the court summons.

The House Committee on Un-American Activities cited Miller for contempt yesterday.

A New Haven lawyer disclosed today that he has subpoenaed Miller and Miss Monroe to appear in Justice Court here July 23 as witnesses for a motorist accused of negligent homicide.

Princess Grace in Paris To Do Some Shopping

Paris (AP) — Grace Kelly arrived in Paris today on a shopping trip and carefully dodged questions about whether she is expecting a baby.

Looking chic and slender in gaily silk shantung, she gently told a reporter "I'm afraid we didn't start the rumors."

Her husband of three months, Prince Rainier of Monaco, stood by unblinking and silent.

The Monacan royal couple arrived by train just after the morning commuters' rush. Only about 30 reporters and photographers were there to greet them.

The former American film star chatted amiably but vaguely. She was most definite about her purpose in Paris — not to buy any specific kind of wardrobe.

AIRMAN DIES IN CRASH

Buckeye, Ariz. (AP) — James Stuart Davidson, 20-year-old airman first class from Pittsburgh, Pa., was killed last night when his car went out of control and ran off U. S. Highway 80 about seven miles east of Buckeye. Davidson, stationed at Luke AFB near Phoenix, lost control of the car on a curve. The Arizona Highway Patrol said the auto knocked down a power pole, jumped a 10-foot ditch, turned on its side and hit a cottonwood tree.

The dream is a European fish and is not found in the United States.

Titusville Wool Pool Is Reported Largest on Record

Says The Titusville Herald. The 145 district sheep raisers who sold 30,147 pounds of wool for an estimated \$15,000 here Monday broke all previous bulk records in the largest pool ever held in Titusville.

The total poundage as well as the number of sheep raisers who joined in the pool were higher than at any time since the joint effort has been held here according to County Agent Russell F. Mollenauer.

The poundage was up 8,147 and the total price rose by \$4,000 over last year. Sixteen more producers participated than in 1955.

The price per pound for top grade wool, however, dropped from 53.3 cents per pound to 51.15 cents per pound last year.

Sheep raisers from Eastern Crawford, Venango, Easter Erie and Warren counties and some from New York state joined in the

pool which was held at the Pennsylvania Railroad freight station. It was staged by the Northwestern Pennsylvania Wool Growers Association, of which the president is Albert Smith of Union City and the treasurer is Harry T. Miles of Titusville, RD 3.

Paul H. Johnson of Tyroneville was the top producer with 962 pounds. Other district raisers included Dr. H. Y. Cooper of Union City who was fifth with 735 pounds and the Valley View Turkey Farms of Titusville RD 3, which was sixth with 684 pounds.

Elliot Bicknell, Boston wool mill buyer who purchased the pooled wool will also receive that from the pool today which will be held at the Erie Railroad freight station in Meadville.

He paid 45.15 cents per pound for fine wool, 41.15 cents for rejects and 15 cents for black, kaka and tags.

Extension service employees assisted at the sale, with Agent Mollenauer weighing the wool and Roger Halstead, livestock extension specialist from Pennsylvania State University, grading it. James Pound and Lee Kummer, assistant agents also aided at the pool.

Annual Grange Picnic Set For Saturday

Annual Grange Picnic for the estimated 10,000 Grange members in the four-county area of Warren, Crawford Erie and Venango will be held Saturday at Crawford County Fairgrounds in Meadville.

Proceedings will get under way with a picnic-basket lunch at noon. Judge Mook of Crawford county will be featured speaker of the afternoon program. Pomona Granges from the four counties will provide entertainment.

All Grange members are invited to attend.

East Pakistan covers 54,500 square miles of jungles, rivers, and alluvial plains and provides a home for 42,000,000 people.

12 noon the first lamb pool in the county will be held at the Meadville Livestock Auction 10 miles north of Meadville.

Agent Mollenauer said an estimated 200 lambs are expected alone from sheep raisers who participated in the pool yesterday.

Call New Gas Rate Hearing for Erie On July 24 and 25

Erie — In a surprise move Saturday the Pennsylvania Public Utilities Commission scheduled the second hearing in the battle against higher gas rates for Erie on July 24 and 25.

There has been a tentative agreement among city, county, gas company and the PUC prosecuting staff to hold the second set of hearings in Harrisburg. Preliminary arguments in the protest against a proposed 14 per cent general rate increase were heard in Erie.

Heated direct and cross examination of witnesses for both sides is expected at the July session.

Pennsylvania Gas Co., which is seeking the increase, will present two expert witnesses reputed to be the "big guns" of the case. D. K. Blood, of Ebasco Services Inc., a firm of utility rate experts, who will testify as to how much cash is invested in the local gas company.

Charles Tatham, of Investors Service Inc., will give testimony as to how much return the gas firm should get on its investment.

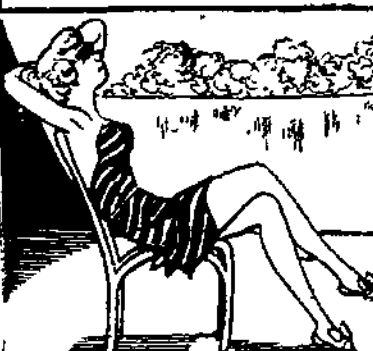

On the city-county side, Rate Expert Martin Bennett will direct strategy and is expected to take the stand as a witness.

City Solicitor Gerald Weber County Solicitor Jacob Held and the PUC investigative staff will cross-examine PGC witnesses.

Warren Borough is expected to join in the case for the July hearings, but it is not known to what extent.

At the preliminary hearings, the public attorneys raised a question as to the right of the gas firm to place the bulk of its storage and overhead charges onto the home space heating customer in the form of a minimum charge. Weber indicated the city and county may appeal the question to the state courts in the event of an unfavorable ruling by the PUC.

WEED SPRAYING AT LAKE

Chemical spraying of Chautauqua Lake weeds was scheduled to get started today and continue tomorrow in the Chautauqua Lake Association's campaign to clean up and beautify the lake. At a Tuesday meeting, the Association's directors also announced that in response to many requests ten additional navigation buoys will be added to the twenty already in place. The buoys, of the same government-approved orange-red type anchored in dangerous spots last month, are being assembled at the boatyard of Charles C. Cross in Celoron. Cross is chairman of the Association's boating and navigation committee. The weed spraying, first tried last summer on an experimental basis, is to be in charge of William Bentley, aquatic biologist of the State Conservation Dept.'s Western Fisheries District, with Dr. Bernard Domogalla in charge of a crew of seven men. Sprayers will operate from a barge powered by an outboard motor in an area off the Mayville beach today and will move on to a spot off Celoron tomorrow. The standard chemical preparation will be pumped over the water's surface and is designed to settle in the water, killing plant life below.

First Lamb Pool In Three-County Area Planned Saturday

Beinard Wingert, assistant county agent, announced today that the first Lamb Pool in the three-county area of Erie-Warren-Crawford will be next Saturday, July 14, at the Meadville Livestock Auction from 9 to 12 a. m.

Three-thousand lambs are sold to the market each year in the three-county area and many have not been bringing true value. Lamb pools have been set up to correct this situation and they work like this—the farmer brings his lambs on a truck to the pool. When he arrives, the prices to be paid for each grade will be prominently posted and the lambs will be graded on the truck. There are five grades starting with double blue, blue, red-back, etc. The factor which determines the grade is "finish" or they must be very well fleshed and firm over the back and loin to be in the top grades. If the lambs are not up to par and the farmer is not satisfied with the grade, he can take them back home and bring them to a later pool.

The following schedule has been set for the three other pools: Sat., Aug. 11, Union City Livestock Auction, 9-12 a. m.; Sat., Sept. 8, Meadville Livestock Auction, 9-12 a. m.; Sat., Oct. 6, Union City Livestock Auction, 9-12 a. m.

The cost of selling lambs through the pool will be fifty cents per head. Formers will be paid for the weight at the local pool point.

PRETTY PAIR—Thomas Rowell, 24, left, and Robert Giebler, 26, are shown in a New York City police station where they were questioned concerning an attempt to secure \$5,000 from Mrs. Betty Weinberger by promising to return her five-week-old son, who was recently kidnapped. Police say the pair apparently are not the actual kidnapers. Thomas Cullen, assistant Queens Borough district attorney, says that the two men will be tried for attempted extortion and giving false information. Convictions could bring a total of 25 years in prison. Both are unemployed and Giebler's wife is expecting her fourth child.

LEADS THE WAY

Your key to Blue Chip values

Now-GMC gives you a bonus of up to 3 gallons in every tankful!

TALK about low-cost GMC ownership! With its new high-ratio cruising axle, a Blue Chip GMC pickup now gives you up to 17.8% better gas mileage. That's 3 gallons' worth of bonus miles in every filling!

And you get far better road speeds, too, from an easy-stroking, unstrained engine. In short, from a mere \$10.50 axle option, GMC now gives you the advantages of a \$125 overdrive.

Add this to the super-efficiency of a GMC 180 hp V8 engine—to the moneysaving advantages of Hydra-Matic Drive—and this fact is clear

The operation and maintenance savings of Blue Chip features can bring the over-all cost of a half-ton GMC down to the level of—or below—the cheapest stripped-model truck on the market.

Skyline Plans New Attempt on Sunday For Trophy Race

Sugar Grove—Skyline Speedway, thwarted by the elements in their second attempt to run off the Independence Day 100-lap trophy race Sunday night will "give it another try next Sunday" according to Cliff "Speed" Pratt, the track publicity director.
The sky opened up shortly before race time Sunday and sent what promised to be a capacity crowd running for shelter.
Rain has cut in the last three Skyline stock car programs. The July 1 show was completely washed out while last Wednesday's holiday extravaganza was shortened to a 50-lap event and brief fireworks display by a wet track.
The full Fourth of July treatment—100-lap trophy race and fireworks display—is scheduled again next Sunday (weather permitting, of course) at 8:30 p. m.

Boyer a Standout in All-Star Game

By GEORGE BOWEN
Washington (P)—Before the All-Star game, the fans were talking about all those Cincinnati Reds and such sluggers as Stan Musial, Ted Williams and Mickey Mantle.
After yesterday's game, the two rival managers talked about the kid, Ken Boyer.
The half-dozen Reds, Musial, Mantle and Williams came through in style, but the St. Louis third baseman was as much a star as any of them in his first time in the classic.
Manager Walt Alston of the victorious 7-3 Nationals said if he had to single out a player as his best, it would be Boyer.
The 25-year-old major league sophomore from Berkeley, Mo., also evoked words of praise from rival Manager Casey Stengel of the Americans.
"Very good boy, very good" declared Stengel, who is noted for not mentioning names. "That third-base fellow cut us out of a rally or two."
Stengel meant that Boyer's fielding stopped the Americans three times before they could get going.
On the first play of the game, Boyer speared a liner off the bat of Detroit's Harvey Kuenn and in the fifth he robbed Kuenn again by knocking down a hard drive and tossing to first.
In the seventh, pinch-hitter Ray Boone of Detroit laced one right down the third-base line but Boyer caught it to a roar of surprise from the stands.
While his defense was a highlight, Boyer also justified Alston's confidence in giving him the cleanup batting spot over such veterans as the Cardinals' Musial, Gus Bell of Cincinnati and Dale Long of Pittsburgh.
Boyer hit three straight singles and in the fifth batted in what turned out to be the winning run.

Rocky, Playing Outfielder, Ruptures Disc in Spine

Brockton, Mass. (P)—Rocky Marciano, retired world heavyweight champion, has a ruptured disc in his spine but for the present no operation will be attempted.
Dr. Nathaniel Gould, orthopedic surgeon at the Brockton Hospital where Rocky has been receiving treatment for a week, made the announcement yesterday.
Dr. Gould said that for the present Rocky will be given bed rest, heat massage and physiotherapy treatment which will continue for two or three weeks.
If this does not bring relief, the question of surgery will then have to be considered, Dr. Gould said.
Rocky revealed that his back injury is a fresh hurt. He said he first noticed it two weeks ago while he was doing calisthenics on the beach in Bermuda. He and his wife, Barbara, had a vacation there recently.
Rocky said that when he came home he was playing with his daughter Mary Ann when "suddenly I tossed her up in the air and when I caught her coming down I felt a severe twinge in my back. It has hurt me considerably ever since."

Machen Favored To Beat Valdes Tonight

Miami Beach, Fla. (P)—Young Eddie Machen of Redding, Calif., is ruled a slight favorite to keep his perfect record intact when he faces Nino Valdes of Cuba in a nationally televised heavyweight fight at the Auditorium tonight.
Machen has won 14 in a row and scored 11 knockouts in his brief but brilliant career and probably will be 7-5 favorite by fight time. He'll be going after his second straight over the 31-year-old Valdes, who apparently reached his peak on August 11, 1955, in this same ring when he beat Edward Charles.
Valdes, who started fighting in 1941 in his native Cuba, has had 52 bouts, winning 26 by knockouts and losing 12.
Bobby Gleason, who manages Valdes and predicted a knockout victory for him, said if the Cuban loses and isn't impressive, he will ask the onetime top contender to quit the ring.
ABC will telecast at 10 p. m. EST.

Braves Play on Unusual Day After All-Star Game

Milwaukee (P)—The Milwaukee Braves, still making up games rained out in the early spring, meet the New York Giants here tonight in the only action in the major leagues.
The meeting is unusual because it finds the clubs playing on the day after the All-Star game a day traditionally considered an off date for the ballplayers.

SIGNS WITH STEELERS

Pittsburgh (P)—Lou Cimaroli, who played halfback with last year's University of Pittsburgh's Sugar Bowl team, has signed a contract with the National Football League Pittsburgh Steelers. Cimaroli, a native of Bridgeville, Pa., was the Steelers' 11th draft choice.

Question of Antlerless Deer And Bag Limits Are Among Decisions Before Commission

Harrisburg (P)—The Pennsylvania Game Commission went into closed session today as thousands of sportsmen awaited a decision on whether there will be an antlerless deer season in the state this year.
The commission also faced decisions on bag limit and dates for the various game seasons in Pennsylvania.
The commissioners went into the meeting well armed with recommendations for and against various practices submitted yesterday by representatives of sportsmen and other organizations.
The antlerless deer season question this year—as in almost every year in the past—shaped up as the biggest question.
State and national forestry officials strongly urged establishment of a special antlerless deer season in 1956 to eliminate a "serious deer herd destruction problem."
They maintained that unless the deer herd is trimmed within reason by hunters, some other method will have to be arranged to control the herd.
However, the Pennsylvania Federation of Sportsmen's Clubs, as representatives of some 200,000 organized state hunters, declined to take a stand this year on establishment of a doe season.
In the past it had opposed the doe season.

Jockey Hartack on One of His Longest Track Win Streaks

By CHARLES CHAMBERLAIN
Chicago (P)—Jockey Bill Hartack, bringing in longshots and favorites alike with the regularity of a metronome, currently is on one of the winning streaks in track history.
The handsome little 112-pounder, who pulled on the racing silks only four years ago at the age of 19, booted home 17 winners in a four-day span at Arlington Park last week.
Through yesterday, when he had two winners at Arlington, he boosted his total for the season to 175. He now is tied with his arch rival, Willie Shoemaker, who is riding in California.
Hartack, whose lifetime ambition when he was a schoolboy in Belsano, Pa., was to be a bandman, broke Shoemaker's two-year stranglehold on the jockey championship last year. He rode 417 winners on 1,702 mounts while Willie the Shoe scored with 307.
The two rivals have been feuding for national honors since 1953 when Hartack brought in 350 and was runner-up to Shoemaker, who had the biggest year in American racing with 485.
In 1954, Hartack won 323 and Willie 380. But Hartack passed him up in 1955 and aims to do it again this year.
Hartack, a drummer, tried to form an orchestra in his school days but found professional engagements not forthcoming.
Later he applied for office work in a steel mill while at the same time attempting to join the Army, Air Force and Navy. The office job didn't materialize and the military service rejected him as being too small.
Finally, he was talked into trying to become a jockey and started working horses at the Charles Town track, then winning with them at Waterford Park in 1952. That first year in the irons he was given only 172 mounts but won with 36 of them and had 19 seconds and 22 thirds.

Redlegs Rap 6 of NL 11 Hits; Augur More Trouble For Others Rest of Season

By JOE REICHLER
Washington (P)—The 1956 All-Star Game, won by the National League yesterday 7-3, furnished proof it is no accident that the Cincinnati Redlegs are in first place in their circuit.
Furthermore, it is the consensus of Brooklyn Manager Walter Alston, Cincinnati's own pilot Birdie Tebbets, a majority of the writers and the 28,843 spectators that the Redlegs are going to be tougher than ever.
Alston, who directed the winning National League All-Stars, praised the six Cincinnati players in action, five in the starting lineup.
Noting that three — first baseman Ted Kluszewski, shortstop Roy McMillan and second baseman Johnny Temple — accounted for six of the National's 11 hits, scoring three runs and driving in two more, he said meaningfully:
"Their performance here should help them the rest of the season."
Kluszewski had two doubles in two times at bat and drove in a run. Temple had two hits, one RBI and a stolen base, and McMillan had two singles. In addition, Temple and McMillan executed the only double play of the game to snuff out the American's biggest threat.
"I'm proud of my guys," said Tebbets, the Nationals' first base coach. "A lot of wise-guys snickered when all those men of mine were voted to the All-Stars. After what they did, we don't have to apologize to anybody. This was good experience for my players. It should give them the confidence they need for the second half of the race."
Except for third baseman Ken Boyer of the Cardinals, one of the stars of the game, only McMillan and Temple played throughout for the Nationals. Alston employed 17 players as compared with 21 used by Casey Stengel of the Americans.
As Alston said it, the key hit in the game that produced the Nationals' sixth victory in the last seven games, and their 10th in the series of 23, was the homer by Willie Mays, a bench warmer until the fourth inning.

Paul P. Porter Play Plans Perfected

Final details for Paul Porter Day, scheduled for next Sunday at Conewango Valley Country Club, were worked out at a meeting of the committee last night.

Chairman "Chuck" Blackman announced this morning that a steady stream of entries of amateurs and professionals from the tri-state area is coming in and that is now a certainty that a representative field will be on the course from early in the morning until late afternoon.

Several out-of-town pros and top flight amateurs have requested morning starting times which will be good news to galleryites who are planning to spend most of the day watching the 18-hole medal event. In addition to the visiting golfers all Warren golfers and most CVCC players will be off the tee during the morning.

The committee stressed that Warren golfers intending to enter should have their entries filed by Friday night, if possible, so that they can be assigned starting times. The first foursome is scheduled to leave the tee at 8:30 a. m., and it will be followed at ten-minute intervals by others. Entry blanks may be secured from Bob Walsh, Pete Juliano or Chuck Blackman, or Warren players may call the pro shop at the country club.

Helen Culbertson and a committee of women will have charge of the entries and posting of scores at the first tee and male members have volunteered their services for parking cars, marshalling the

greens and ticket selling.

A golf clinic by Toby Lyons, Lew Worsham, Sam Urzetta and Lionel Hebert is scheduled for one o'clock after which the big afternoon field will take the links.

In addition to the "Big Four," the following will be seen during either the morning or afternoon: Professionals: Frank Commisso, Irondequoit Country Club, Rochester; Floyd Drake, Mayville; Bill Smith, Orchard Park, Buffalo; Steve Piech and Brownie May, Hamburg, N. Y.; Mike Parko, Springville, N. Y.; Lionel Calloway, Maplehurst; Harold Smith,

Dayton; Joe Grabowski and A. J. Star, South Shore, Buffalo; Jack Vander Moelen, of Moon Brook, Chautauque county amateur tist; Gerry Lynch, Chautauque; Fred Nixon, Link Forrester and six others, of Moon Brook; Dave Ludwig, Oakmont.

With all of Conewango Valley's top golfers already entered, and guaranteed entries from Buffalo and Erie amateur ranks in addition to those listed above, the amateur division is an impressive one.

The committee emphasizes that the public is welcome, either to test their ability on the links or as members of the gallery. Gallery tickets are \$1.00 for non-members and entry fee for the tourney is \$10.00 for both professionals and amateurs.

Three Sharpshooters From California Pace Public Links Tourney in Frisco

San Francisco (P)—Paced by three sharp-shooting Californians, the 64 surviving golfers in the National Public Links tournament today stop playing against par and start competition among themselves.

Two match-play rounds were scheduled that will cut the field to 16 before the day is over. Leading the public course players into match play was medalist Scotty McBeath, a 34-year-old Palo Alto, Calif., salesman. He put an even par 72 yesterday with his 69 first round of qualifying play for a 141 total over the Harding Park course.

Only two others broke par for the two days. They were Vern Callison, a Sacramento, Calif., tavern owner who finished with a 71-71-142, and 19-year-old Joe Gallardo Jr., of Los Angeles who had a 75-68-143.

Despite the many low California scores, city team honors went to a threesome from Memphis, Tenn. with a team aggregate of 455, eight strokes less than teams from Portland and Dallas that wound up in a second-place tie.

Defending champion Sam Kocis withdrew from the tournament yesterday because of the sudden death of his father-in-law. The 1955 champion flew back to Detroit immediately.

The only other former titlist in the field, veteran Andy Szewko of Sharpsburg, Pa., failed to qualify, winding up with a 158.
